Query I.

1) The revised proportion becomes obligatory as soon as the Bill becomes law. But it may not be necessary to increase the total strength in all cases, for the proportion may be obtained by removing some official members in some cases where they are too many or by not filling up nominated vacancies, if any, and reducing the number of nominated non-official in such cases. An examination of the constitution of each minor Municipal Council may therefore be made now alone, so as to make the constitution accord with the revised proportion prescribed in the new Bill by the time it is passed into law. Hence reference to Deputy Commissioners is proposed.

Query II.

2) Municipal Councils are not generally interested in requesting the Government to permit election of Presidents by the general body of voters, as they would loose the privilege long enjoyed by them. The Government want to try this in some selected localities for which opinions of Deputy Commissioners are necessary.

Query III.

3) Though the present Municipal Regulation does not authorise the levy of shop tax, Municipal Councils have been levying the same and some Municipal

Municipal Councils who now levy tax on professions may elect to levy shop tax. Special attention is proposed to be drawn to the provision in the new bill in order that Municipal Councils may revise the rules of taxation and submit the revised rules for approval of Government, in order to chiefly -- regularise the levy of shop tax, which they have now adopted without sanction.

Query IV. 1) Sringeri is not governed by any legislative enactment. The Municipality was constituted under an executive order of Government and continues to be a non-regulation Municipality. The constitution of a Municipality under the Municipal Regulation was sanctioned for Sringeri in G.O. No.14-6/11.219-16-25 dated 3rd July 1917 and the Deputy Commissioner having to exercise his powers of control over the Sringeri Municipality in accordance with the provisions of the Municipal Regulation, the Jahgirdar requested a reconsideration of the order in the matter. On a consideration of the case, the Government decided to amend section 180 (A) of Municipal Regulation, in order to confer on the President of the Sringeri Municipal Council larger powers as detailed in para 79 of the notes in Municipal File 219 of 16. Please see Flag K. In the Bill originally published, the provision made was as follows:-

In reply to cl 2, I state that there are no vacancies among the nominated members of the Hindu Municipal Councils in the district. That it is not possible to increase the strength of the elected Municipal Councillors to half by cancelling ex-officio members, as there are but two ex-officio members in the Municipalities of Kavaratti and Nai Kanakatti and three in the other Municipalities of the district and that it is therefore necessary to increase the strength of the Councils and also of the elected Councillors in them.

28) The Dy Comr of Kolar wants to fix a certain percentage of votes to be obtained by a successful candidate - in the proposed suitable change of rule 4 of the existing Election Rules which lays down that the election shall be decided by a majority of the votes of the Councillors voting at the meeting; provided that the No of non-official Councillors present shall not be less than half total No of such Councillors

29) The Dy Comr, Mysore District also wants a certain percentage to be fixed of the votes to be obtained by a successful candidate and wants also to fix a minimum of one-third of the voters to attend the meeting held for the election.

30) His proposal to make the President election annual is not tenable as inasmuch as the term of Office of every President and Vice-President shall cease on the expiry of term of Office as Councillors i.e 2 years as prescribed under Section 23(8) of the amended Town Reg No IV of 1926

37) In his minute dated 12th April 1926 the Member was pleased to direct that a separate communication ~~may~~ might be addressed to the Deputy Commissioner, Kadur for constituting Sringeri Municipality under the Municipal Regulation after the Bill for amending the Regulation was passed. The Bill received the assent of His Highness and has been promulgated as Regulation IV of 1926.

38) With regard to the question of constituting Sringeri into a Regulation Municipality the points are to be considered viz., (1) that the Jahgirdar's right to receive one half of the Municipal income should remain unaffected and (2) that the Jahgirdar be invested with the powers of a Deputy Commr. in his own Jahgir as contemplated under Secns. 173, 174 and 175 of the Mysore Municipal Regulation. The amendment now passed relates to the Deputy Comm. of the District not exercising the powers of control specified in Secns. 173, 174 and 175 of the Regulation without the special sanction of Govt. There is no specific power in the Regulation to confer on Jahgirdar the powers of a Deputy Commissioner, ~~under Secns. 173, 174 and 175~~ nor is there any provision under which one half of the income of the Municipality can be guaranteed to the Jahgirdar. In the original Bill to amend the Municipal Regulation and which was eventually withdrawn, a clause was provided to regulate the rights of holders of alienated villages over taxes or other items of revenue accruing with the respective areas which may be constituted into Municipalities. This clause was deleted by t

Select Committee on the ground that it is a matter for agreement between the Government and alienated villages and any Municipality constituted under - such agreement may be excepted from the operation of the Regulation under Section 187.

2) Section 187 of the Regulation relates to Minor Municipal Councils and if Sringeri is to be constituted into a Town Municipal Council the requirements of the Jahgirdar cannot be met. If Sriggeri is converted into a Minor Municipality it may be possible to make rules not only assured to the Jahgirdar the moiety of the income he is now receiving but also to empower him with the powers of the Deputy Commr. in special rules which may be framed under Section 187. Constitution of Sringeri into a Municipality under the Regulation.

B

In July 1917 an order was passed directing the constitution of Sringeri into a Town Municipality, empowering the Deputy Commissioner of the Kadur District to exercise the usual powers of control over the Municipal Council and exempting the property of the Jaghirdar from Municipal taxes. The Jaghirdar requested that he may be invested with the powers of a Deputy Commissioner and urged for a reconsideration of this order. As the request of the Jaghirdar could not be granted without an amendment of the Municipal Regulation necessary action was taken to amend the Regulation so that the Deputy Commissioner will cease to exercise the powers of control not only in respect of City Municipalities but also in respect of Municipalities specially exempted by the Government.

It is now proposed to constitute Sringeri into a minor Municipal Council delegating to the Agent of the Jaghirdar the powers of a Deputy Commissioner under the Regulation and exempting all the Mutt propertie from Municipal taxation.

The Municipal income is now shared by the Mutt and the Municipa Board in equal proportions It is proposed that, after constituting the town into a Municipality under the Regulation, the entire revenue realised by the Municipal Council should be devoted for Municipal purposes.

A draft Government Order and two Notifications have, after consulting the Agent, been prepared to give effect to this proposal.

The question was considered in Council at its meeting held on the 4th instant and the Council is of opinion that the draft Government Order and Notifications may be approved. The opinion of the Council may be graciously approved.
